Give Us a Game Project 2012:

Here's how it works....it's as simple as a game of soccer:

Your team or business chooses a date and time, any date in 2012. On that date, members of your team or business **devotes 90 minutes** of their time to making friends, teams, people and business partners aware of Coaches Across Continents and our work in developing communities.

Members of your Team or Business can (just a few ideas):

- * Get people to join our page on www.facebook.com/coachesacrosscontinents.
- * Direct people to our web page at: www.coachesacrosscontinents.org
- * You can set up a page at www.firstgiving.com/22655 and raise funds for our programs.
- * Recruit Coaches from your team or business to work in one of our developing communities or Volunteer with an Off Field project.
- * Put the Coaches Across Continents logo and link onto your web site.
- * Design your own 90 minutes, **Give Us a Game** that benefits your team/business and our Coaches Across Continents program.
